DETAILED ACTION

Drawings

The drawings were received on 11 September 2006. These drawings are accepted by the examiner.

Election/Restrictions

Applicant's election of Group I in the reply filed on 21 August 2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Allowable Subject Matter

The arguments filed 21 August 2006 with respect to claim 1 is persuasive.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the specific combination of a first partial polarizing beam-splitter, a second partial polarizing beam-splitter, and a polarizing beam-splitter as found in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
